Juniors Boys Relay Team off to Dapto!

Congratulations to our junior boys relay team, Isaac Mills, Leigh Chalker, Ryan Gray and Cooper Roberts, on making it through to the Regional Swimming Trials at Dapto in March.

This week’s Value is …………..

RESPECT
FROM THE PRINCIPAL’S DESK

Yesterday, our swimming team competed at the district swimming carnival. There were some excellent performances, particularly from the junior boys relay team, who came second and will go to the regional trials in Dapto and Kendall Cribb, who came third in the butterfly. A number of excellent times were also recorded with many PBs (personal bests) being the order of the day!

On Wednesday, 5 March, we will be holding our annual Meet and Greet. You are invited to attend between 5.30 pm and 7.00 pm. All staff will be in attendance for you to meet in an informal setting. A sausage sizzle will also be provided. Please fill in the note included with this newsletter and return as soon as possible to help with catering.

The upgraded cabling for our computer systems is almost complete. Although it will have taken the best part of two weeks, the disruption has been minimal. We look forward to a faster, more reliable network!

In the afternoons, if you see that a child has not been collected from school, please alert one of the staff. The teachers do wait back with children whose parents are running late and, if necessary, we will call them to find out where they are. Please do not take any other child home with you unless it has been previously organised with their parent. Although the child may be safe with you, no one knows where they are and it can be very distressing for staff as well.

NUTS AND NUT PRODUCTS
At Bradfordville Public School, we have a number of students who suffer an anaphylactic shock from ingesting nuts and nut products. Because of their young age, we encourage families of other students not to pack these items for school so that students who are sensitive, do not mistakenly eat them. This includes popular items such as peanut butter, nutella and some muesli bars.

Although this may seem somewhat difficult for your child as they love one or more of these products, our major concern is to ensure that all our students remain safe. If your child does bring one of these products and one of our sensitive students is in their class, the teacher may move them around to ensure their safety. So as not to single them out, it may not be the sensitive child who is moved.

I appreciate your cooperation and thank you for your assistance. Although it is impossible to say we are a nut free school, we can say we are nut aware!

K-2 HUDSON PARK WALK
In preparation for the school athletics carnival, K-2 students will walk to Hudson park in week 7 and 8 for their fitness time. Students will walk to and from Hudson park with their class teachers.

Please sign and return the permission note that went home yesterday and return it to your child’s class teacher by Friday 6 March.

CHILDREN ARRIVING LATE / OR LEAVING SCHOOL EARLY
Children arriving late for school must come to the school office to be signed in (accompanied by a parent / carer) before going to class.

Parents collecting their child prior to 3.15pm are required to sign their child out at the school office before collecting them from the classroom.

ABSENCES
If your child is absent from school for any reason, you are required to notify the school with an explanation. If you wish to verbally inform the school of your child’s absence, please phone the school office on the morning of the absence.

If notification is made after the absence date, a written note explaining the child’s absence needs to be sent to the class teacher on the first day the child returns to school.
