FROM THE PRINCIPAL’S DESK

Our stage 1 students had a fabulous surprise on their visit to Questacon yesterday, where they were able to welcome the Prime Minster, Mr Turnbull and former Prime Minister, Mr Howard, who were there to open a new section of the building. Lots of photos and some children’s writing can be seen in the centre pages.

Now that it has warmed up again, we expect that all students will wear a school hat if they are out on the playground, as per our sun safe and uniform policies. Non-school hats are not to be worn. Students without a hat will play in the courtyard.

If your child is attending one of the primary camps, please ensure that final payments are made ASAP and that all medical forms are completed. Final information regarding arrangements will be provided to you shortly.

If you haven’t returned to Learn to Swim note and money yet, please do so ASAP. This is an opportunity for your child to have two weeks of swimming lessons for the cost of pool entry and bus fare. Please don’t miss this opportunity!

Just to finish, I had a visitor to our school on Monday comment on what a welcoming feeling she had as he entered the school. She was impressed not only by the physical environment and cleanliness, but was especially impressed by our Monday flag raising and singing of the national anthem by the students. Always great to hear comments like these!

Year One And Two Excursion

Yesterday you one and your two went on a bus to a museum. When we got there we had recess.

Then we went inside to put our bags in a locker. Then we went to see a big water wheel they have.

Then we went to the scary room. Hudson went down the free fall. We also saw movies that made you scared small.

The Prime Minister was at Question Time on TV last night. It was terrific.
Quest-a-con

At Quest-a-con I enjoyed grabbing the tissue when they come out of a tube. The tissue had colours were pink, yellow and orange. The tubes went in different places. Sometimes they got stuck in the tube. I saw two tissues hanging outside the tube. Sometimes you have to jump to get the tissue.
On Tuesday the 10th of October year 3 group 2 went to Questacon. We got there on a bus. It took three hours to get to Canberra.

First we hoped off at the bus and went to breakfast. We sat down and had our food.

Then we went inside and we put our bags in a special locker. We started from the lobby to the first floor.

The first floor was my favourite. I saw robots on the main floor. But I looked down to Mababah and phase 6. We wanted to go down. But the third time they went away. Mr. Ralph and Mrs. Brown said, yes but Mrs. Brown didn't go down. After that we went up to our last activity. We didn't get to get enough play because the Prime Minister cancelled.

Finally we had lunch next to the toilet and went home. It was a fun day of science.

Questacon

We will never forget when Stage One closed yesterday. We had to go on a bus. It took an hour and a half. On the bus I was very sick and on the way back. So I had to shovel the bus and it was very cold. We had to make a long journey because there was a lot of snow. When I got off the bus, there was a lot of mud. After we got our journey, we went in to the dome. The dome is really high. The science is very fun to see. There were two things. One thing was a massive spaceship. It started to shoot a little thing out. We almost got to finish it because we almost put it down. We also got to look at longer, larger ones in space. I really enjoyed it. There were also a lot of cool things to see. There was a boat and some birds. We also got to feed the birds. When I came out of the boat, I felt funny. You will never forget it. You will have fun. You will never forget it.
